The brooms made by Curtis Bros., of Thatcher, are of a superior quality to those imported. We have tried them and know. Our merchants should patronize this industry, as they sell them just as cheaply as the imported article. Don't overlook the fact that home people are your customers.

## A DOUBLE WEDDING

Was Celebrated at the Residence of Jas. T. Owens Last Monday.

On Monday last one of the most enjoyable social events in the history of Safford occurred at the residence of Mr. and Mrs. Jas. T. Owens. It was the marriage of their two daughters Cora and Ella to Anthon E. Jacobson and Ezra J. Madsen. The wedding was announced for last week, but postponed until 2 o'clock p. m. on Monday last.

Promptly at that hour Cora, on the arm of Mr. Jacobson entered the parlor, where the invited guests were assembled, followed immediately after by Ella, on the arm of Mr. Madsen. Both couples took their position in the center of the room, which had been tastefully arranged for the occasion, decorated with pinks and roses, direct from California, presented by Dr. and Mrs. Lindley. Elder Wm. J. Packer then stepped forward and pronounced in a few appropriate words the ceremony that joined Miss Cora and Mr. Jacobson as man and wife, Miss Ella and Mr. Madsen acting as bridesmaid and best man. The two couples then reversed positions and Mr. Packer pronounced the same ceremony, which united Miss Ella and Mr. Madsen for all time to come, Miss Cora and Mr. Jacobson in their turn acting as bridesmaid and best man.

After the marriage ceremony the guests, led by the newly married parties, were conducted through the long hall to the dining room, where the tables groaned under a most sumptuous wedding supper, prepared under the personal supervision of Mrs. Owens. After doing justice to the refreshments, the company was conducted back to the parlor, where music and songs were enjoyed. Numerous and costly presents were presented to them.

The brides were dressed exactly alike, in rich, becoming gowns of cream colored silk, trimmed with lace and ribbon of the same material and color, with orange blossoms and bridal veils.

Both were a vision of loveliness, and these young men are fortunate in getting such girls for wives. Both were almost raised here and are popular young ladies in society.

Mr. Jacobson is well known as an energetic and successful business man, being a member of the firm of P. J. Jacobson & Sons, of Safford.

Mr. Madsen is also well known, having been connected with his father in the livery business, but at present clerking in J. T. Owens' store.

In the evening a dancing party was given to their friends by the grooms, which was crowded to the utmost capacity of the hall, by scores of warm friends wishing them a successful journey through life.

The GUARDIAN joins their numerous friends in hearty congratulations, and wishes them all the happiness this life contains, hoping no cloud will ever cross their paths to mar the brightness of their future lives.

## Geo. M. Pullman Dead.

Chicago, Oct. 19.—George M. Pullman died suddenly of heart disease this morning in his magnificent brown stone home at the corner of Prairie avenue and 18th street. He was found dead in bed. He retired last evening at the usual hour which was somewhat early. He was in apparently ordinary good health and there was no indication of his demise or indeed of any premonition even of illness.

Mr. Pullman, who was in his sixty-sixth year, had not been enjoying his usual good health during the summer. The extreme heat of last week generally aggravated his disease, known to the medical profession as agria pectoris.

## Releasing Cuban Prisoners.

Havana, Oct. 19.—The Spanish general Jimenez Castellanos, accompanied by his son Lieut. Adolph Castellanos, Capt. Pedro Aguirre, his aides-de-camp, twenty-nine other officers and seventy sick soldiers, arrived here to-day from Puerto Principe. Gen. Weyler has ordered the release from the Isle of Pines, the Spanish penal settlement eleven prisoners who were, it is alleged, concerned in the uprising which resulted in the imprisonment of Evangelist Cosio Cisneros, who recently escaped from Casa Recogidas in this city and who is now in New York. The release of Abram Sobas Juan and Perto Torres, Jostad Gody and seventeen other prisoners has also been ordered by Gen. Weyler.

## ALONG THE LINE.

Breezy Items Wafted From the Train as it Passes by.

Mrs. Frank Dysart arrived home yesterday from Los Angeles. Saturday evening Prest. Garland went to Bowie, he took the east bound train Sunday morning and returned to Geronimo Wednesday.

Saturday afternoon Andy Alexander, U. S. Deputy Marshal left for Florence with a large party of those whom he had subpoenaed to attend court. Monday the contingent went from Solomonsville.

We are pleased to see Henry Clark up and at work again after his late illness. Last Saturday he spent the day in brightening up the brass buttons on his uniform and Monday he resumed his run on the G. V. G. & N.

Mr. Pat Barry has resigned his position as section boss on the G. V. G. & N. and goes to work on the Southern Pacific. The vacancy is filled by a Mr. Smith who formerly held the same position here.

Monday the 20th, Supt. Ben Jones went over the road to Bowie, the occasion being the company's regular pay-day. Each of the boys signed the pay-roll and went home with dollars enough to last 30 days.

At 5:40 Wednesday morning the first of the Sunset Limited fast trains going Eastward passed Bowie. There were four coaches of beautiful external appearance, El Siglo, El Pastor, El Oro and Castle Crag. The run from Yuma to Bowie had been made in 12 hours with every coach loaded with passengers up to the ceiling.

Tuesday evening C. J. McCormick, Station agent at Pima took a ride on the cars to Bowie. Mac got on the west bound train to speak to a friend who was going to California when the train pulled out in such haste that he was unable to jump off without danger and of course went westward with his friend. Mac came back on the morning train O. K., said the conductor put him off at Pantana. Looks suspicious, that.

T. D. Heyl, agent, at Geronimo, passed through Safford last Tuesday on his way to Florence, as on that day U. S. deputy marshal, Compton arrived in Geronimo from Florence with a subpoena for Mr. Heyl to appear there as a witness. Mr. Heyl did not know in what case he was to testify, but thought it must be in connection with the late stage robbery in which one thousand bright silver dollars came up missing.

Last Saturday Dr. May, an official of the S. P. Co., went over the road to Geronimo as a guest of Prest. Garland. Dr. May is studying the resources of the different localities through which lines of railroad pass that are feeders to the S. P. line. When asked what he thought of the Gila Valley, he said: "While I am somewhat hard of hearing, I have abundant vision. I see before me a beautiful valley which in regard to extent and richness is an utter surprise to me."

Speaking of a railroad to Globe he said there is no doubt that it will be but a matter of a short time before the Mountain City will be able to ship by rail. The Doctor said he would be able to make to his company a splendid report of his observation of the day in our valley.

Our esteemed contemporary Mr. Herbert Brown, editor of the Daily Citizen of Tucson, was a passenger on the out going train Wednesday on his way home from Globe. Speaking of Globe he dipped into the subject exhaustively, of its people, distinguishable for their enterprise, intelligence and largeness of heart; and of the wonderful and inexhaustible resources of the mines, he says the half has not been told. The one great annoyance there now is their not having a railroad. And Mr. Brown says it is his candid and deliberate opinion that, simultaneous with the advent of the railroad, the present quietude of the town will be disturbed by a greater boom than was ever experienced by any town within the bounds of Arizona. We think he is right, but why the road isn't built we have not the slightest conjecture and no license to affirm an opinion.

## Buckey's Great Scheme.

Buckey O'Neill is anxious to take a colony of Salvation Army lasses to raise. He is negotiating with Ballington Booth of the Salvation Army to secure a colony of Salvationists under the Buckeye Canal.

Should the deal be consummated 10,000 acres will be put under cultivation forthwith and an option on 137,000 acres more secured. The soil is very fertile and a considerable number of settlers are already located there.—Williams News.

## HUGHES HAS FALLEN.

A Prominent Arizonan a Fugitive From Justice.

Fred G. Hughes, clerk of the board of supervisors of Pima county and president of the society of Arizona Pioneers, is a fugitive from justice. Two warrants for his arrest, one charging him with forgery and the other with the embezzlement of \$2,400 from the society of the pioneers, were issued and placed in the hands of the officers. Hughes left Tucson last Wednesday night, accompanied by his wife for his ranch in the mountains. When the officers arrived there they learned that he had left his ranch at daylight for Mexico. All the officers are scouring the country, but he is believed to be in Sonora.

The charge of embezzlement is based upon the fact that he obtained the money, and the charge of forgery, upon the circumstance that he forged the names of W. C. Davis and Sabino Otero, upon the territorial warrants drawn against the Pioneers' fund. Hughes sold one of the warrants for \$1,000 to Dick Dawson, proprietor of the Fashion saloon games, the night he left.

The issuance of the warrants for his arrest, and his flight are not really denouements of the attempt to burn the court house. He had previously been suspected of crookedness in connection with the funds of the Pioneers and of irregularities in connection with the board of supervisors. His resignation was demanded by the board the day he left, but he refused to tender it.

It is suspected that he was the author of the attempt to burn the court house for the purpose of covering official peculations, of which he had been suspected, for some time. An expert has been employed to go over the records of the board and it is said a special grand jury will be ordered to investigate the origin of the court house fire.

A later dispatch states that Fred Hughes took the train at Nogales and left for the interior of Mexico, and still later the news came that he had been arrested in Mexico and would be returned to the United States.

The entertainment and social which was to be given Friday evening of this week in the Methodist Church has been postponed until Thursday evening next week. This entertainment is to secure money to put a fence around the Methodist church in order that trees and grass can be put in the yard and beautify the place. This will be a credit to Safford and every one is asked to be present and assist in this good movement. Besides the entertainment refreshments will be served and so cheap that no one can complain.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaars Mills, La., has to say on the subject, viz: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicine for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy."

This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by all dealers in medicine.

In our professional column will be found the card of Dr. C. H. Green. Dr. Green has decided to locate in Safford permanently and those desiring his services will be able to obtain them at any time. The doctor is a first class physician in every particular, and better still he will no doubt bring his family here, where they will make their future home.

Judge Dameron, of Phoenix, against whom complaint was made late Saturday afternoon as being insane is quite ill at the family residence in the Capitol Addition. No further proceedings will be had under the charge of insanity until the gentleman recovers from his illness when it is hoped all symptoms of insanity will have passed away.—Herald.

Harry Solomon acted as stage manager at the eleventh hour entertainment last Saturday night. Harry as a stage manager is all right. The boys at Solomonsville say that Harry has made life almost a burden up there for the last month, practicing his lines.

Chas. Freeman and Jack Kensley returned from Geronimo this week, where they had been repairing and remodeling the passenger coach for the railroad. The car will be in first class condition when put on the road again.

The telegraph office at Gila Bend was struck by lightning on Wednesday night, shattering the windows and burning the instruments out, says the Yavapai county Reporter.

## THE SOLDIERS AT PIMA—"SHAM BATTLE FOUGHT."

Colonel E. V. Sumner, 7th Cavalry and Staff Tendered a Reception by the Citizens.

All day Wednesday the city of Pima was in a great state of excitement, it being understood that the troops of Ft. Grant would pass through and everybody was rustling around getting ready in some way or other to receive with due respect the soldiers that so gallantly trailed and captured the Indians who, in December, 1895, killed Mr. Merrill and daughter, near Ash Springs. Very few people were aware that these same Indians had been killed as reports at the time were so unreliable, but it has been learned since that by troops under Col. E. V. Sumner, five of the Indians were killed, one squaw and three children captured. Part of the clothing recovered, that belonged to the murdered girl and returned to her mother in Pima, in appreciation of which the Mayor and citizens gave a reception to the commanding officer and staff and the commissioned officers of the command.

About 2 o'clock in the afternoon Capt. W. J. Nickelson with troop "C" of the 7th cavalry pitched camp on the public square to defend the city, at 5 o'clock the attacking forces, under Capt. G. K. McGunnegle and D. D. Mitchell of infantry, and Lieut. S. R. H. Tompkins of the cavalry, were seen on the outskirts of the city and preparations were made by Capt. Nickelson for defence.

It was not long until the roar of cannon and crack of the muskets were distinctly heard in the suburbs, soon the noise of battle drew distinctly nearer and nearer. Companies of cavalry galloping by; the surging mass of humanity reeled back by the excitement, at once there was a clash, the troops met, volley after volley was discharged, but at last after a brave defense the city surrendered, with the loss of one cannon and mule under Lieut. C. Day.

In the evening the commanding officers and staff were tendered a reception by the citizens at the residence of Mayor W. T. Webb. After a splendid repast toasts were offered to the health of our country. The rest of the evening was spent in songs etc., among the songs the one most appropriate to the occasion was composed and sung by P. H. McBride, as follows:

## REFERENCE FOR THE BRAVE

Wire songs for our friends for the young and the old;  
Wire songs for the tender, the fearless and bold,  
Wire songs for the brave, for the honest and true,  
And songs for our heroes, the brave boys in blue.  
Chorus:  
Yes, friends, we remember our dear ones who fell  
By murderous Apaches, with blood-curdling yell;  
Their loss is avenged by our heroes so true,  
Brave soldiers who fought under the Red, White and Blue.

Our memories still fresh for our dear ones laid low,  
And often in sorrow the tear drops will flow  
To think they were murdered, and none near to help,  
By Indians, who'd venture their lives for a scalp.

We hail Colonel Sumner, so bold, in command,  
And Capt. McGunnegle, who by him did stand,  
Young Avery and Rice, brave lieutenants, too,  
Who shot down the Indians who murdered our friends.  
If such men as these could take the command  
Of Indian affairs, throughout our fair land,  
The war whoop would cease and the tomahawk rest,  
And the bones of bad Indians would crumble to dust.

We wish you success as you march through the land,  
That you never may fall by the dreaded Apache's hand;  
May your words grow more bright,  
And your action grow more strong,  
Till every bad Apache Indian has sung his death song.

## RESOLUTIONS.

Whereas: On the 3rd, day of Dec. 1895, two of our esteemed fellow citizens, Mr. Merrill and daughter, were most foully murdered by Apache renegades near what is known as Ash Springs, in Graham county; and

Whereas: As the commandant of Ft. Grant, Colonel Sumner, took prompt measures looking to the punishment of the perpetrators of the dastardly crime, ordering Capt. McCormick and Lieut. Rice and Avery and commands in immediate pursuit; and

Whereas: Lieuts. Rice and Avery's commands did successfully pursue, and as we are informed, capture two camps, kill five Indians, and take one squaw and three children prisoners, also recovering a portion of the clothing belonging to the murdered girl and returning them to her mother.

Therefore be it resolved: That we the municipal authorities of the village of Pima, by the expressed wish of her citizens, that we would move in the matter, wish to voice the strong feelings of gratitude and admiration felt by our people for the whole effort to punish the Apache murderers of our townspeople, that was set on foot by Colonel Sumner, immediately after the consummation of the foul deed and was as gallantly executed by Lieuts. Rice and Avery and their brave boys.

We fully realize the many dif-

sculties attendant upon an expedition into the heart of the Sierrre Madras, and the hardships that must be endured by those who undertake it, and when it spite of the obstacles, almost insurmountable, signal success is so gallantly achieved the heroes who execute it, merit the highest praise from those who are most interested in its consummation.

Therefore, We, the Mayor and Village Council in behalf of the people of Pima, do sincerely thank Colonel Sumner, Lieuts. Rice and Avery and commands, and all who in anywise participated, or assisted in the successful issue of the campaign. And in apology for our seeming neglect in not having earlier recognized the gallant achievement, we have to state that through an oversight or neglect, that we are persuaded was not intentional, we were not, till the present week, made acquainted with the foregoing facts.

W. T. WEBB, Mayor.  
Dr. L. E. WIGHTMAN,  
Council  
I. FOLLETT,  
J. A. BURNS,  
G. W. WILLIAMS.

## Work to be Resumed.

E. J. Beard, chief engineer of the surveying party which surveyed a route for the Arizona Pacific railroad from Crawford, on the Denver & Silver City road, to Geronimo, Arizona, and who recently went to Chicago to submit the maps and estimates to the stockholders in that enterprise, telegraphed to W. W. Wood, assistant engineer at Solomonsville, last week, to be in readiness to resume work within ten days. The route as projected runs to Morensi and Duncan, down the Gila to Geronimo, and thence to Phoenix, with a branch to Globe.—Silver Belt.

## A Killing.
